

## California Community College Faculty Contracts

This is a list of the most recent California Community College faculty contracts (collective bargaining agreements) that can be found online. This page is periodically updated; the last major revisions were made on 2/6/21. Many collective bargaining agreements are posted as Portable Document Format (PDF) files instead of in HTML, which results in a nice printed copy but makes it a bit more cumbersome to read it online. In such cases you may need to [download Adobe Reader](#) if you don't already have it installed. This list is maintained by John Govsky. If you know of any updates, please [send John an e-mail](#).

- (?) = No Web site or contract could be found online.
- (PT only) = Part-timers only local.
- (FT only) = Full-timers only local.
